## PROJECTS

**Name:** Portfolio
**URL:** https://oscarlee1.github.io/portfolio
**Description:** I built this project in efforts to showcase my abilities in **UX/UI design**, as well as **front-end development** using **HTML**, **CSS**, and **Javascript**. This project was developed using **React.js**, and **Google Firebase**'s database management features.

**Name:** Nehxpressions
**URL:** https://nehxpressions-92a2b.web.app
**Description:** This project is an e-commerce web app built using **React.js**, **Firebase**, and **PayPal API**. It features **dynamic product loading** and PayPal checkout functionalities.

**Name:** NextJS + Stripe API + Three.js
**URL:** https://next-stripe-three.vercel.app
**Description:** This project is an e-commerce website I designed and developed using **Next.js**, **Stripe API**, and **Three.js/react-three-fiber**, which allowed me to implement **3D graphics** into the website.

## EDUCATION

**AS**   Mercer County Community College, West Windsor Township, NJ 08550
         09/2019—08/2021
